Dog Park Membership Agreement

We aim to provide a secure and safe environment for dogs to be exercised by their owners.

Remember – the rules of the dog park make it clear that owners are to be responsible for the behaviour of their own dogs at all times. Compensation claims for injuries to dogs cannot be made against the company.

Unsupervised Group Walks

Dogs and their owners which have been assessed as being compatible with other users may be allowed to join unsupervised group walks where a member of staff is not present.

Owners are responsible for the good behaviour of their own dogs at all times. Unacceptable behaviour should be reported to the company otherwise we will be unaware of problem issues.

While on group walks, a member of staff may be present. If she/he witnesses potentially dangerous or unwanted behaviour, please take note of any instructions or advice she/he gives. You may be given a warning that the behaviour of the dog or dogs is unwanted and must be controlled. The incident will also be recorded.

If you personally receive a second warning on the day or future visit, you may be required to keep your dog on a lead at all times during a group walk. Warnings will be recorded.

You can of course continue to use the dog park on an exclusive hire basis or request behaviour training with our trainer to work with you to rectify the problems.

In the event of a dog fight of any kind, this will constitute a warning for both owners and both dogs must be kept on lead until assessed by the trainer for which a charge may be made.

I have read and agree to abide by the Dog Park rules overleaf and the statements above.
